H5E-DV PC 200

- Dispenses hot water in three portion sizes
- Front of machine volume programming
- Precise temperature (60°F-210°F) (15.5°C-98.9°C) ensures consistent, high quality results; adjustable in 1° increments
- Three programmable volume settings and one push and hold continuous dispense button
- All stainless design
- Locate hot water at preparation site to increase speed, safety and efficiency of kitchen staff
- Dual voltage adaptable (Can operate at 120V/15 amp or 120/208-240V/20 amp)

Agency:

**Specifications**

Product #: 39100.0000
Water Access: Plumbed
Finish: Stainless
Faucet: Upper

**Additional Features**

Temp. Setting: 200°F (93.333°C)
Dispense: Portion Control
Dispense: Push Button

**Electrical & Capacity**

*Temperature of water entering the sy

*When a BUNN is machine rated 120/208-240V, 120/208V or 120/240V, the higher voltage is the supply voltage needed to power the machine. The 120V is there to supply power to some components rated 120V in the machine, but it is not the supply voltage and would not power the machine if the machine is marked with the before mentioned ratings.
