H3X ELEMENT SST 120V 1800W

- Digital thermostat provides consistent and precise temperatures from 60° - 212°F (15.6°-100°C)
- Contemporary, low-profile design for front-of-house and self-service settings
- Push and Hold dispense - with one programmable Portion Control setting for a volume of up to 2 gallons (7.57 liters)
- LED display provides simple temperature adjustment
- Thinsulate® tank insulation provides increased energy efficiency
- Programmable “Energy Saver Mode” reduces operating costs during idle periods
- 7.75in (196mm) cup clearance accommodates a range of serving options for custom-crafted, hand pour coffees and teas

Agency:

Specifications

- Product #: 45300.0006
- Dispense: Portion Control
- Water Access: Plumbed
- Dispense: Push Button
- Finish: Stainless
- Temp. Setting: 212°F (100.000°C)

*When a BUNN is machine rated 120/208-240V, 120/208V or 120/240V, the higher voltage is the supply voltage needed to power the machine. The 120V is there to supply power to some components rated 120V in the machine, but it is not the supply voltage and would not power the machine if the machine is marked with the before mentioned ratings.
