BUNN Infusion Series technology allows for multiple recipes from one footprint --- with six brew buttons and three batch sizes

- Energy-saver mode reduces tank temperature during idle periods
- Exclusive Peak Extraction™ Sprayhead is multi-directional with a 17-hole design to ensure ultimate uniformity of extraction
- Electronic funnel lock prevents removal of each brew funnel until drip-through is complete
- USB programming capable
- Pre-infusion and pulse brew for maximum flavor extraction. Cold brew lockout & digital temperature control further ensure top-notch brewing.
- Soft Heat® wireless server monitoring provides operator staff a dashboard view of all servers on location to assure fresh coffee is always available
- The dashboard shows the age of the coffee and alerts staff when it has expired, or when the server is empty
- The dashboard works with tablets, smart phones and laptops that have WiFi
- Password protected access prevents unauthorized viewing
- All communications are done through the Infusion Soft Heat brewer and access to the site’s WiFi system is not needed
- Servers not included unless otherwise noted

UL LISTED

Specifications

Product #: 51200.0104  
Water Access: Plumbed  
Interface: Wireless  
Finish: Stainless/Black

Additional Features

Funnel: Black Plastic  
Faucet: Side  
Legs: 4” Stainless Steel Legs

*When a BUNN is machine rated 120/208-240V, 120/208V or 120/240V, the higher voltage is the supply voltage needed to power the machine. The 120V is there to supply power to some components rated 120V in the machine, but it is not the supply voltage and would not power the machine if the machine is marked with the before mentioned ratings.
