Sleek modernized design language, with rounded angles on the corners and trunk
Brews into 2.5 to 3.8L (84 to 128 oz) airpots and 3.8 to 5.7L (1 to 1.5 gallon) baseless Thermofresh servers
Digital readout displays in English, Spanish, or French -- for easier programming and control -- and can show either 'Standard' or Metric measurements. Digital readout also shows machine status, and targeted advertising messages can be programmed for display.
Large 5.6 gallon (21.2L) tank provides back-to-back brewing capacity
BUNN Infusion Series technology allows for multiple recipes from one footprint --- with three brew buttons and two batch sizes
Energy-saver mode reduces tank temperature during idle periods
Exclusive Peak Extraction™ Sprayhead is multi-directional with a 17-hole design to ensure ultimate uniformity of extraction
Electronic funnel lock prevents removal of each brew funnel until drip-through is complete
USB programming capable
Brew counter keeps track of how many batches are brewed
Pre-infusion and pulse brew for maximum flavor extraction. Cold brew lockout & digital temperature control further ensure top-notch brewing.
Hot water faucet (supplied for custom installation)
Servers not included unless otherwise noted

Specifications

Product #: 53200.0102
Funnel: Black Plastic
Water Access: Plumbed
Interface: Wireless
Finish: Stainless

*When a BUNN is machine rated 120/208-240V, 120/208V or 120/240V, the higher voltage is the supply voltage needed to power the machine. The 120V is there to supply power to some components rated 120V in the machine, but it is not the supply voltage and would not power the machine if the machine is marked with the before mentioned ratings.
