ICB SH PE Stainless, 120/240V w/Wireless

- 4.3" Color Touchscreen aids in customizing recipes, brewing options and control
- The QWERTY keypad feature allows for easy customization of recipe names in English, Spanish and French
- SmartWAVE sprayhead technology provides enhanced uniformity of extraction and lime scale reduction
- ENERGY STAR® certified
- ICB SH 52100.0100 is compatible with new Infusion SH servers, new TF 1.5-gallon ThermoFresh® Servers (with Base), all previous generations of TF 1.5-gallon TF Servers (with Base) and Titan® 1.5-gallon servers
- Customers can easily add up to 10 screensaver images to advertise and promote their brand and products
- Wireless Server monitoring
- USB port for easy programming
- Fast flow hot water faucet
- Electronic funnel lock prevents removal of each brew funnel until drip-through is complete
- New Infusion Soft Heat® servers [sold separately] are ergonomic, lighter weight, energy efficient and now offer programmable recipe/batch based holding times and temperatures, alerting staff when freshness has expired or server is empty

</tbody>
</table>

*When a BUNN is machine rated 120/208-240V, 120/208V or 120/240V, the higher voltage is the supply voltage needed to power the machine. The 120V is there to supply power to some components rated 120V in the machine, but it is not the supply voltage and would not power the machine if the machine is marked with the before mentioned ratings.
