

WQ-60(3).2L

Height: 16.61" Width: 6.12" Depth: 6.00"
(42.2cm) (15.5cm) (15.2cm)

- Unique modular filter head manifold design allows for simple installation, customization, and future system expansion
- Designed for high volume applications using a unique blend of catalytic coconut shell carbon rated up to 60,000 gallons chlorine taste and odor reduction for consistent, great tasting cold and hot beverages, hot water, and ice
- Designed for medium to high volume applications using a unique blend of catalytic coconut shell carbon rated to reduce chlorine taste and odor for consistent, great tasting cold and hot beverages, hot water, and ice
- Protects downstream equipment with exceptional sediment holding capacity and reduces health contaminants such as cyst with 0.2 Microns mechanical filtration
- Save on maintenance and service costs with a scale control blend that's up to 8 times more scale control capacity, specifically engineered to match the entire chlorine capacity life resulting in reduced scale build-up on evaporator plates and heating coils in both ice machines and coffee brewers
- Certified to NSF Standard 53 for Cyst and Standard 42 for Sediment, Chlorine Taste and Odor reduction
- Built-in by-pass indicators on filter head provide visual confirmation of the filter's internal integrity taking the guesswork out of the system's performance ensuring that only filtered water is being delivered to beverage equipment at all times
- Sanitary quick connect valve-in-head design simultaneously shuts off and vents water with ¼ turn, allowing for simple cartridge change-outs and maintenance times
- Auto-leveling technology ensures perfect installation every time
- High capacity, low pressure drop system configuration
- Includes single stage filter head assembly with manifold bracket, 3/8" MNPT fittings and 1/4" quick-connect rinse valve

NOTE: Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.

Specifications

Product #: 56000.0011

Cartridge Type: Quick Change

Application(s): Tea, Ice, Coffee, Backroom Package/Combo System

Replacement Cartridge: 56000.0111

Filtration Type: Sediment, Lime Inhibitor, Cyst Reduction, Chlorine Taste & Odor

Filter Change Frequency: Annual

Capacity

Micron Rating	Service Flow Rate	Water Filter Capacity Chlorine Reduction	Water Filter Capacity Chloramine Reduction	Water Filter Capacity Softening
0.2	3.4 gal/min (12.9 L/min)	60000 gal. (227120.6 L)	-	-

Plumbing Requirements

Inlet Connection	Outlet Connection	Min Operating Pressure	Max Operating Pressure	Min Operating Temperature	Max Operating Temperature
3/8 IN	3/8 IN	20 psi (138 kPa)	125 psi (862 kPa)	40°F(4°C)	100°F(38°C)
